

Memories in the Making®

A fine arts program for people with dementia

Memories in the Making® is the signature art program of Alzheimer's Orange County. For many years, Memories in the Making has been recognized for its ability to elevate the quality of life for people with Alzheimer's disease and related dementias.

Become a trained Memories in the Making art facilitator

Memories in the Making training is open to anyone interested in learning how to use art as a communication tool for individuals with dementia and related disorders.

Neither you nor the person you are caring for need to be an artist to benefit from Memories in the Making.

Understand how:

- Art offers a non-verbal alternative to verbal communication through images.
- To enhance the quality of life for the participant and their caregivers.
- To start a program at your community, volunteer, or paint at home with your loved one.
 - Includes two additional modules:
Understanding Dementia and Alzheimer's Disease
Understanding Communication and Behaviors

Thursday, 8:30 a.m.* to 12:30 p.m.
