

Memories in the Making®

CALL FOR ARTISTS:

seeking entries for an art exhibition

Memories in the Making® is the signature art program of Alzheimer's Orange County, allowing those with Alzheimer's disease or other dementia to express themselves through painting. Program artwork is submitted annually to Alzheimer's Orange County. A select number of paintings are professionally framed and displayed to validate the participant's abilities and provide awareness of the disease.

Alzheimer's Orange County is looking for artists to contribute to the Memories in the Making® Art Collection. Artists will choose a painting created by a program participant which will then serve as the inspiration for their own work of art created specifically for this event. Both pieces will be displayed and sold together in order to raise funds and community awareness of Alzheimer's disease.

*Memories in the Making artist (left)
with pairing artist (right).*

The art will be on view at Alzheimer's Orange County's Holiday Open House in December. This is a great opportunity to introduce your art to a new and appreciative audience, while taking an active role in aiding our mission to eliminate Alzheimer's disease. All proceeds from art sales will benefit Alzheimer's Orange County.

Artists in all media are invited to present their work for consideration.

I am interested in participating as a pairing artist:
