

Savvy Caregiver

Special 6 week Series for Family Caregivers (respite offered)*

Savvy Caregiver series is evidence-based, and consists of a 12-hour training provided over a six-week period, resulting in caregivers who possess greater confidence, greater understanding of Alzheimer's disease and related dementia, and practical skills to improve quality of life and support care.

Those completing this nationally acclaimed course gain:

- *Personal knowledge, skills & caregiving perspective*
- *Understanding of the disease progression*
- *Skills to assess abilities of their loved one with dementia*
- *Essential abilities to attend to self-care*
- *Confidence to set and alter caregiving goals*
- *Strategies to manage activities of daily living*
- *Increased ability to work effectively with professionals providing care*
