

Are you a caregiver for someone with memory loss?

Want someone to talk to?

If you are a family caregiver or a friend of a person with dementia, the following informal meetings offer **resources for problem solving, educational information**, as well as **emotional support**.

They are a place where people can **share their experiences and feelings** and hear from others in similar situations.

You are not alone on this journey. Come as you are and meet other caregivers with related concerns.

- Meetings are free of charge and available for family caregivers and friends of persons with dementia (not appropriate for professional caregivers)
- For additional information please call the facilitator or the sponsoring organization
- For other inquiries please call Alzheimer's Orange County at 844-435-7259
