

Complimentary Continuing Education Webinar!

Join us for a FREE webinar that offers one (1) hour of continuing education credit * for the following California professionals: RCFE & NHAP Administrators, licensed RNs & LVNs, and LMFTs, LCSWs, LEPs & LPCCs.

Professionals can earn CE credit conveniently – however, anyone is welcome to attend !

*** Requirements for CE credit:** Participants must attend for a minimum of 60 minutes, have access to both audio and visual elements, respond to poll questions during the webinar and return the completed course evaluation.

Webinar Date: Tuesday, August 9, 2022 at 11:30am PDT

Music Therapy and Its Impact on Dementia

Studies show that music can significantly improve the quality of life for individuals with dementia. Learn what music therapy is, how it works, and why it benefits the brain so profoundly. We will discuss the impact of music on individuals with memory loss, and how music can be used to enhance the care provided to individuals with dementia.

At the completion of the course, participants will be able to:

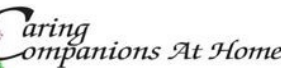

1. Describe why music enhances and optimizes the brain
2. Recognize the benefits of music therapy for persons with dementia
3. Describe how music can be used to enhance the care provided to a person with dementia

Presenter: Karen Skipper, MT-BC is a Board Certified Music Therapist who holds a BA in Music and a Music Therapy Equivalency. She has maintained a thriving private music therapy practice for over 30 years and has worked with people of many ages with a variety of diagnoses. She has vast experience with geriatric clients including diagnoses of Alzheimer's disease, stroke, Parkinson's disease and depression. Karen has also served as Director of Music at Our Saviors Lutheran Church in San Clemente for over 40 years. She believes that anyone can benefit from making music.
