

# Complimentary Continuing Education Webinar!

Join us for a FREE webinar that offers one (1) hour of continuing education credit \* for the following California professionals: RCFE & NHAP Administrators, licensed RNs & LVNs, and LMFTs, LCSWs, LEPs & LPCCs.

Professionals can earn CE credit conveniently – however, anyone is welcome to attend!

\* **Requirements for CE credit:** Participants must attend for a minimum of 60 minutes, have access to both audio and visual elements, respond to poll questions during the webinar and return the completed course evaluation.

**Webinar Date: Tuesday, October 11, 2022 at 11:30am PDT**

## Primary Progressive Aphasia: Support Through Understanding

Primary Progressive Aphasia (PPA) is a neurological medical condition that causes difficulty and loss of speech and language skills, which progressively worsens over time. We will look at the subtypes of PPA, its relationship to Alzheimer's disease and Frontotemporal lobar degeneration, and the causes, diagnosis, and treatments for this condition. Resources will be provided for where to get support for communication disorders, such as PPA.

**At the completion of the course, participants will be able to:**

1. Recognize the symptoms of primary progressive aphasia.
2. Identify the steps for diagnosing and treating primary progressive aphasia.
3. Discuss resources and supports for individuals and families affected by primary progressive aphasia.

**Presenter: Glorajean Wallace, M.S., Ph.D., M.Div., CCC-SLP, BC-ANCCS** is an American Speech-Language-Hearing Association Fellow and a Board-certified Academy of Neurologic Communication Sciences and Disorders Speech-Language Pathologist. She holds a Ph.D. with specialty in Speech-Language Pathology Adult Aphasia and serves as Professor and Chairperson in the Communication Sciences and Disorders Department at Chapman University. Dr. Wallace conducts research to enhance life participation for adults with aphasia and other neurogenic disorders, and has published and presented widely, including two textbooks with a third in progress that addresses diversity, equity and inclusion for people with neurogenic communication and cognitive disorders.
