WASHINGTON, D.C. — The latest increase in Alzheimer’s awareness is the result of an annual fundraising event. The Alzheimer’s of Orange County annual Walk4ALZ fundraiser takes place every year, with the next event being scheduled for March 2024. The event takes place at the UCI Research Park in Irvine, California. Participants of all ages and abilities are welcome to join the walk, which is free for in-person participants.

The Walk4ALZ event is organized by the Alzheimer’s Association, a national organization dedicated to Alzheimer’s disease research and support. The event raises funds to support research, care services, and advocacy efforts to help those affected by Alzheimer’s disease.

In addition to the walk, the event includes a live auction, raffles, and other fundraising activities. Participants can register online or donate to the cause. For more information, visit https://www.alz.org/california/.

The event is being facilitated by the Orange County Chapter of the Alzheimer’s Association, which is part of the national Alzheimer’s Association network. The Orange County Chapter has been in operation since 2001, providing support and resources to families and caregivers affected by Alzheimer’s disease.

For more information on the event or to register, please visit the Alzheimer’s Association website or contact the Orange County Chapter at 714-533-5333.
