

Catholic Teachings on End of Life

Caring FOR THE
Whole Person

Saturday, May 11th, 2024

Coffee & Registration 9:30am | Program: 10am - 11:30am

Medical advances can help save lives. They also can present terminally-ill patients and their loved ones with difficult choices at the end of life. Catholic teaching gives patients and their families principles for making decisions about initiating or continuing medical treatments. Join us for this important discussion about the teachings of the Catholic Church on end of life, care choices during serious illness, and how the **Caring for the Whole Person Initiative** relates to parish life.
