

THE PREVENTION AND MANAGEMENT OF BEHAVIORAL EXPRESSIONS IN DEMENTIA

Wednesday, May 7th • 10:00a - 11:00a PST

Join us for an informative webinar designed to help caregivers and professionals better understand and address behavioral expressions in individuals living with dementia. Learn about the underlying causes of behaviors, effective prevention strategies, and practical management techniques to ensure a compassionate and person-centered approach to care. This session will provide actionable insights to create a calmer, more supportive environment for everyone involved.

Presented by:
Ashi Gill, BDS MHA
Administrator at Silverado Brea
