

DRIVING AND MEMORY CONCERNS

Wednesday, October 8th | 10:00 AM - 11:00 AM

**Fullerton Senior Center
340 W. Commonwealth Ave. Fullerton, 92832**

Are you or a loved one experiencing memory changes and wondering how it may affect driving? Join us for an informative class that explores the connection between memory loss and safe driving. Topics include recognizing warning signs, strategies for having difficult conversations, alternatives to driving, and how to plan for the future. Whether you're a caregiver, family member, or individual concerned about memory changes, this class will provide valuable insights and resources to navigate this sensitive topic with confidence and care.
