

Become a Certified Memories in the Making® Facilitator!

March 26th OR April 30th

9:00 am - 12:00 pm

Located at 2515 McCabe Way, Irvine Suite 200

Are you passionate about helping individuals with dementia find joy and connection through art? Take the next step by becoming a certified facilitator for Memories in the Making, an innovative program that uses creative expression to unlock memories and emotions.

What is Memories in the Making?

Memories in the Making is a unique art program designed for individuals with Alzheimer's disease and other dementias. Through guided art sessions, participants create meaningful works of art that reflect their stories and emotions, often beyond what words can express.

Why Become a Certified Facilitator?

- **Make a Difference:** Help individuals living with dementia discover new ways to communicate and connect.
- **Enhance Your Skills:** Gain specialized training in dementia care and creative therapies.
- **Career Growth:** Certification enhances your professional credentials and demonstrates your commitment to innovative care.
- **Community Leadership:** Position yourself as a leader in dementia-focused programs and services.

What Will You Learn? Certified facilitators receive comprehensive training that includes:

- Techniques for engaging individuals with dementia through art.
- Strategies for creating a safe and supportive environment.
- Insights into the therapeutic benefits of creative expression.
- Methods for encouraging connection and emotional well-being.

***This training includes 3 complimentary hours of continuing education for
CAMFT/BBS and RCFE professionals.***
