

THE BEHAVIOR LAB: HANDS-ON DEMENTIA CAREGIVER TRAINING

Saturday, August 1, 2026 | 10:00 AM - 12:00 PM

This interactive, in-person, workshop designed to help caregivers move beyond simply learning about behaviors and begin practicing real-life responses. Participants will explore why behavioral changes happen in dementia, workshop challenges, and engage in hands-on activities to build practical tools for responding with greater confidence and compassion.

Workshop given by: Lauren Weiss, Kim Bailey, and Kristen Maahs-Kolberg
